# Mt.Fuji Toilet ①

**EXCELSIOR**

- Our product, “Mt.Fuji Toilet”, does not require any discomfort process to deal with excreta as it uses tablet-type chemical which can dissolve and disinfect excreta hygienically.
- The effect of the toilet to disinfect and deodorize excreta last for 4 months.

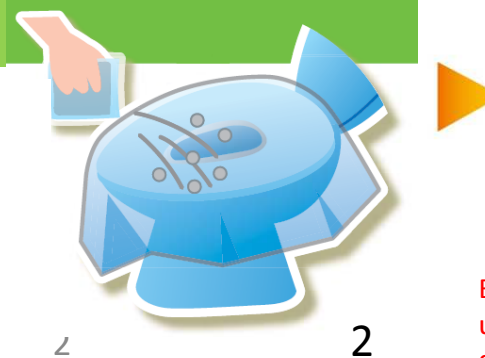

Excreta one month after dissolved by Ho! Toilet .

Excreta dissolved by other products (it remains bad odor).

## How to use

Put the tablets in the plastic bag before use of the toilet.

Bind the plastic bag after use of the toilet and dispose it.

# Mt. Fuji Toilet ②

- We also produce the potable eco toilet
- It can be used in any places as it is attached the poncho for users' privacy (see the picture below)

Set up the paper box with the plastic sheet over top.

Place the tablets in the bottom.

Use the poncho as you use the toilet.

Please make sure to tie off the bag. The tablets will eliminate odor and harden the waste.
